He's a robot. Yeah uh, I don't have anything else to write about him.

Long ago, a child got some weird abilities... He was able to control the 6 elements; Earth, Water, Fire, Lightning, Wind and Darkness.

Soon his ways were revealed to the multiversal connection and many people harnessed such abilities. Many people got such abilities, many used them for dark and evil purposes. To put an end to such warfare and bloodshed. He compressed his 6 elements into 6 special items, The Flaming Storm, The Silent Ocean, The Earthly Barrow, The Darkly Cover, The Storming Finger and The Lit Stone. 5 of these objects were finger covers... You can wear these on your fingers... Once you have managed to gain access to all 5 fingers, you can harness the power of The Legendary Tiger. As for the last item, you have to battle the morph keeper and defeat him. Once you are able to defeat him, you obtain the 6th item... If you obtain all 6 of these items... You will be able to summon The Legendary Tiger himself and become the true morph king.

2 THE SPIRITS OF LIGHTNING — THE COVER OF DARKNESS

In the past, many people, creature and knights have tried to find the 6 objects... but all of them have failed miserably. Except for 1 such human. He called himself Dark Whip. He had the ability to control The Dark Element.

He set a goal to get all 6 objects and take over the universe. He managed to obtain all 5 fingers except for the stone. None was able to stop him until, a human who had the power of the flame god, the one who people know as of The Flaming Ninja tried to stop Whip. They had a battle lasting month until Whip was finally defeated. But The Flaming Ninja sacrificed his own life for it. He scattered all 5 fingers across his solar system with multiple layers of protection... One of the fingers was sent to the home planet of all human beings, Earth under the protection of his teacher Master Kal.

Whip wasn't dead, he survived. But he was in his weakest form. He didn't want to stop working on his great plan so he started by trying to take over the earthlings. He made his helping robot Crypto.

He and Crypto started preparing to attack this planet, but it wasn't going to be easy because 6 months before the great battle between Whip and The Flaming Ninja, the ninja gave birth to a child... the child who would change the way of these morphs

THE DARK MORPH

Eye: Metallic Eye

Abilities: Dark Lightning, Dark Flames, Morphs

Eye Abilities: Tracking, Heavy Energy Control, Blinding

Kicking the ball harder than ever, his teammates looking at him with all their hope, the goalkeeper unable to stop the ball, Luke screamed 'GOAAL!'.

As always Luke's team wins, playing with all their might.

'All right everyone' shouted Luke- 'Gather around'.

'Damn that was a nice goal, Luke!' said Hiroshi.

'Nice job Luke!' said Sarah.

'Thanks, guys' replied Luke- 'I didn't do it all alone, you guys also did a great job!'.

'Congrats guys!' said Om.

'Hey guys let's meet up online tonight.' said Jenny.

'Yeah sure!' replied everyone.

'Okay so,' said Luke- 'we will meet in Discord (Online chatting app) at 9 PM.'

'All right!' - said Hiroshi 'Bye!'

Q Location: Unknown

Time: 6 PM

'Is everything ready?' asked Whip.

'Yes!' replied Crypto- 'Everything is set, we just have to execute the plan'.

'We have worked hard on this' said Whip- 'Let's not let our hard work go to waste. From here on, Mission Supreme Peace... HAS BEGUN!'.

He opened his wings of dark flames and flew off.

As everyone was going back, Om noticed that a black flaming bird was flying above him. He tried to follow it but failed. Jenny also noticed but she didn't care. Mike also noticed but being as stupid as he is, he thought it was a crow.

Q Location: Luke's home

Time: 9:00 pm

'Hey!' said Luke- 'Is everyone here?'.

'Yeah!' replied Hiroshi.

'Guys, you won't believe me but I saw wings of dark flame on my way home.' said Om.

'Yeah, me too!' replied Jenny.

'Yeah, guys me too but that was a crow, don't be so dumb.' said Mike.

'Dude! Those wings were literally on fire... A dark flame.' said Sarah.

'Hmm, wings of Dark flame...' said Luke- 'Guys, I think... I think Dark whip is back.'

'Yeah, that could be a possibility!' replied Hiroshi.

'If that's the case, we should be on our guards.' said Om.

'All right whatever, let's play Valorant.' said Luke.

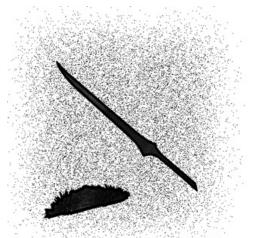

And they played in peace thinking nothing would go wrong, not knowing what would be coming up next. Meanwhile, Whip was prepared to die for his plan. He would do anything to achieve his supreme goal.

As Whip was flying, he reached his first destination, his first target. It wasn't a big place of attraction. He kept it in there just to test things out and not attract much attention. He was ready to burn his first target into ashes.

'All right guys,' said Luke- 'We will meet tomorrow at Milburn downtown after school. See you guys tomorrow'.

'All right, seems about right,' said Hiroshi.

The rest also agreed and went to bed not knowing what was coming up tomorrow.

THE IRON SAND

Eye: Metallic Eye

Abilities: Controlling Iron Sand, Formations

Eye Abilities: Tracking, The Third Eye of Metal

As everyone was walking on the streets of Milburn, walking into every shop they wanted, thinking that everything would be great. Whip was preparing for the attack.

30 MINUTES BEFORE THE ATTACK

'Hey let's go to a café.' said Luke.

'Yeah, that's a good idea, I'm feeling hungry!' replied Sarah.

'Yep, same!' said Hiroshi.

As they were entering the café, Luke noticed a weird gloomy looking boy but he didn't give much attention. They sat down at a table and started chatting.

The gloomy looking boy got up and left.

'There is something wrong!' said Luke while getting up from his chair. 'I feel something weird about that guy, he is a bit off."

Calm down!' said Sarah- 'Why do you think he is weird? Because of his looks?'.

'No!' said Luke- 'As soon as we entered, I felt a weird aura around him, it was a dark aura.'

'Guys!' said Hiroshi but none heard him- 'GUYS!' shouted Hiroshi- 'That boy... he just flew off with some weird dark wings.'

5 MINUTES BEFORE THE ATTACK

They immediately ran out of the café and tried to follow him. The boy flew very high into the sky, took off his disguise and looked at the city as if it was the last time.

'Dear citizens of Milburn,' said Whip-'It is I... Dark Whip.'

Everyone started running away in panic while Luke and his friends tried to figure out a way to stop him.

'GUYS!' screamed Mike- 'WE SHOULD RUN!!!'.

'There has got to be a way!' said Luke.

Whip started to power up dark flames in his hands forming a ball of dark fire.

'OKAY ITS TIME TO LEAVE LUKE!' said Sarah.

'Come on Luke!' said Om.

'Everyone! Take a last look at the Milburn downtown, it won't exist in the next 1 minute.' said Whip.

'OKAY LET'S LEAVE!' screamed Luke.

Whip activated the power of the Kaguza eye, every building was on fire! But not any fire... the flames of darkness!

Luke and his friends escaped the area and called help. Soon

many fire trucks and police cars arrived. They were unable to do anything. The flames wouldn't go out with water.

Dark whip kept on destroying the place into ashes. when suddenly, A big brick-like structure of iron sand came flying.

The crowd of scared, hopeless people couldn't believe their eyes. The iron sand put out the fire

'Umm guys?' said someone.

Everyone started looking in that direction. they saw... Hiroshi was covered in iron sand... he had activated his powers...

'I think...' said Hiroshi- 'I activated my power... and I think this iron sand can put out the dark fire.'

'OH MY GOD' Shouted Luke- 'You are our only hope now. No one else can save the city of Milburn.'

'Yeah! shouted Jenny- 'Go show him what you got bae!'.

'Come on Hiroshi!' said Mike- 'You are our only hope.'

Everyone was looking at Hiroshi with all their hope. The only one who could save the city of Milburn was him...

He stared at Whip with all his confidence, the crowd was cheering him.

'Hiroshi, Hiroshi.' shouted the crowd.

As he flew towards Whip. He made a few iron needles using iron sand while flying. He immediately fired the needles towards Whip as a distraction. But that wasn't enough to stop him.

He charged his dark lightning breaking the needles into bits and pieces.

'But- wasn't iron sand supposed to stop darkness?'-

'You are right!' replied Whip- 'It is supposed to stop the darkness, but the flames, not the lightning YOU FOOL!'.

'Yeah, but you can't put the city on fire with your lightning!' said Hiroshi.

'But it can,' said Whip while laughing- 'DESTROY THE CITY!'.

He powered up his body with dark lightning and started "attacking the city. Hiroshi kept trying to stop the lightning, but he wasn't fast enough.

He formed a fist out of iron sand and tried to smash Whip. but Whip was dodging it easily because of the Kaguza eye.

'Hmph!' exclaimed Whip- 'You're no match for me... I can't even use my eye properly just because I don't even need to!'

He smashed Hiroshi with a huge bolt of lightning. Hiroshi slammed into the ground... he saw all the faces of the people around him... scared and looking at him as if he was their last hope...

He got up and said 'DARK WHIP! We end this here and NOW!'

He formed a 10 times larger version of him and encased himself in it... it was like an armour... He tried to punch dark whip hard... so hard that as soon as he punched, the air force was strong enough to reach the people.

Whip formed a shield due to which his punch didn't hurt him...

One small bolt of lightning from dark whip and the armour was completely destroyed...

'HIROSHI!' shouted Luke

Hiroshi came towards him

'I have a plan'-

'What is it?'-

Luke whispered something which none could hear.

Hiroshi turned towards Whip and flew towards him

In air, he formed 2 clones of himself... The iron sand shed and they looked completely like a human...

All 3 of them attacked Whip...

1 came from right side and tried to attack but he was destroyed... another came from the left but he also got destroyed... the third one attacked but he was stabbed by a dark flaming sword...

'Ahh, finally I got you!'-

But then... Hiroshi smiled and turned into iron sand...

'WHAT!? Another clone??'

Hiroshi struck a huge iron rod on Dark whip's head which sent him flying down...

14 THE SPIRITS OF LIGHTNING — THE COVER OF DARKNESS

'Good trick.' Said Whip while getting up and scratching his head...

He looked up and a huge lightning bolt as big as a sky scrapper struck Hiroshi

Hiroshi was no match for him. He tried everything he could! He prevented every strike he could... he got a lot of injuries. Soon backup arrived!

Even though Whip could have destroyed everything... he didn't because he didn't want much attention yet... so he instantly flew away not letting anyone catch up.

Q Location: Unknown

Time: 10:30 pm

'Well, that went better than I expected!' said Whip.

'I'm glad' replied Crypto.

'I wasn't expecting to find someone this soon,' said Whip-'But I guess... our preparations would come in handy! Now let's take a small break'

Hiroshi slowly landed as the crowd started to gather around him... His friends weren't able to reach him due to the crowd. He sent his iron sand to pick them up and brought them to himself...

'DUDE!' shouted Hiroshi.

'DUDE!' shouted Luke and hugged him.

Jenny came and gave him a small kiss and asked him in worry 'Are you okay?'

'Better than ever!' replied Hiroshi.

'I was so worried yet so proud.' said Jenny.

'Thanks for saving us!'-

'Ahh don't thank me,' said Hiroshi- 'You guys and the people gave me a lot of support!'.

'BRO HOW DID YOU CONTROL THAT IRON SAND? HOW DID YOU FLY?? I HAVE SO MANY QUESTIONS!' shouted Mike in a hurry.

Luke brought him aside and tried to calm him down. There was a lot of noise from the crowd.

'GUYS!' shouted Luke- 'Is everyone okay?'

'Yep, all fine'-

'Yeah! better than ever'-

'All good!'-

And the crowd started chattering again.

'GUYS!' screamed Luke- 'GUYS!' but no one listened.

'Hiroshi raise me up.' said Luke.

Hiroshi flew above the crowd with Luke.

'GUYS!' shouted Luke.

The noise was completely gone.

'He fought to protect us and the downtown of Milburn...

He is very injured. Even though he just discovered his powers, he protected us with all his might!' said Luke- 'Please make space for him so he can go home and take some rest to heal up... Dark Whip is taking actions again... we need heroes like him to stop Dark Whip. So please be a little reasonable. Thank you!'.

The crowd made a path for Hiroshi and his friends to go through. His friends helped him reach home... and he rested for a few hours...

He opened his eyes and everyone around him was worried...

'Hey guys!' said Hiroshi in a sleepy voice.

Everyone gathered around him and started questioning.

'GUYS!' shouted Luke- 'Be a little reasonable he is injured. He just woke up, give him a little space.'

'No, it's fine.' Replied Hiroshi.

Luke looked at him in worry and said 'Okay, everyone just come one by one.'

Everyone left to wait for their turn.

Before leaving Luke whispered 'Talk to me later... it's important.' and walked away.

Everyone started coming one by one and started asking Hiroshi about what happened and all the details...

But Luke knew that there must be a reason behind his powers.

THE PHOENIX FLAME

Eye: Eye of the Phoenix

Abilities: Flame Control, Heat Absorbing, Combustion

Eye Abilities: Tracking, Illusion, Eye Burn

Q Location: Hiroshi's house

Time: 11:30 pm

Luke and Hiroshi were facing each other. Both were very serious... Hiroshi knew what Luke was about to ask.

'So, you activated your powers?' asked Luke as a start.

Yep...'-

After a gap, Luke said- 'Hmm... any thoughts on what could be the reason?'

'Well, here's all I know' started Hiroshi-'These powers, they are called morphs, almost every one of us has one inside us. They are activated by a good connection between our mental, spiritual energy and the nature around us. All of that aside you also need a good physique to control them.'

'Hmm, I see.' Said Luke-'I'll inform everyone. We are starting training TOMMOROW!'

Luke left and went back to his home.

Luke informed everyone to come to a park. No one really

went to that park except Luke. It was just them. Everyone was there looking for Luke.

'GUYS!' Shouted Luke from a distance and came running towards them.

He was sweating and panting. 'Alright, so! These powers, they are called morphs, almost every one of us has one inside us. They are activated by a good connection between our mental, spiritual energy and the nature around us. All of that aside you also need a good physique to control them. I researched a bit more on morphs and found out about the 6 objects. You guys must have heard about The Flaming Ninja. A long time ago, he had a battle with Whip. After defeating whip, Whip was really weak and he still is as weak as before. Whip is looking for the 6 objects. After the great battle, The Flaming Ninja scattered all 6 objects around this solar system. There was no information of the location of the fingers. We can also activate our morphs but it would require a lot of training and that's exactly what we are gonna do'

'So, why don't we go work out at a gym?' asked Mike.

'No, you dumb piece of shit!' replied Sarah 'He is trying to say that we have to train our mental, physical and spiritual strength to make them stronger and have a good connection with the natural energy around us, to activate our morphs!'.

'That is if you have one.' said Om.

'Hmm, I guess not everyone has a power.' said Jenny.

'Yep, that's what I'm trying to say! Now then... on to the

main part, as we know that some of us might have a power inside us... so, we will start doing a work out which I planned last night! This will be hard so, make yourself strong!' said Luke while handing over a sheet of paper to everyone.

'Starting tomorrow we will begin training! Every day at 4:30 AM we will meet here and train till school, after school we come back here and finish out the left-over training.'

'We have to do this because no one else will!' Replied Om.

'GO TEAM!' said Mike.

'There was absolutely no need for that' replied Hiroshi.

'All right LET's GO!' said Luke. 'YEAH!' replied everyone.

'Seriously guys?' said Mike- 'UNBELIEVABLE! ABSOLUTELY unbelievable!'

Q Location: Gero Park

Time: 4:30 pm

Everyone started coming one by one. Luke was already there and had set up everything.

They started of simple with a warm up session and then a 3-mile run. After than a 1-minute sprint and then they meditated for 30 minutes. All of this took them around 1 hour. After that they went to school. In the evening they met again and did the same routine as morning except that after meditation they did some fight practice and yoga. They then also went near a busy road and tried to train their mind to

focus on one single noise. That would help them develop their mental strength. After doing all that, they went home.

Their diet was pretty simple... for breakfast, they had an egg with smoothy, for lunch they had a bowl of seasoned vegetables and a sandwich, and for dinner, they had some soup with salad. Every day they were following the same daily routine... while Whip was showing no sign of any suspicious action.

3 MONTHS LATER

Q Location: Unknown

Time: 12:30 Am

'What do you say?' said Whip- 'Shall we move on to our next target?'

'Yes, there has been no sign of our activity for the past 3 months.' Replied Crypto.

All right, on to our next target...

Q Location: Gero Park

Time: 05:00 Pm

Luke and his friends were training as always. While Whip was on his way to the park. As he arrived, he saw that they were training.

'DAMN IT! Why are these guys always at my target!' said Whip.

Luke heard him.

'GUYS!' shouted Luke- 'Whip is here, I heard him!'.

'Stay on your guard.' said Hiroshi as he activated his iron sand.

Dark whip entered, burning the park and attacking the people there.

Hiroshi tried to take out the flames before they spread. The others were escorting the civilians to safety. When suddenly the entire park was flooded with water.

'GUYS!' shouted Jenny 'my power... is Water!'.

'OH MY GOD!' shouted Hiroshi.

'LET'S GO!' shouted Luke.

'Another member on the team!' said Om.

Jenny flooded Whip with a tsunami level attack and Hiroshi took out the fire. Jenny was doing the offensive part while Hiroshi was defending the surroundings. Whip was shocked that another one had activated her powers...

'So, you have also achieved your destined power, well I wish you all the best, although... those powers won't be able to defeat me that easily... you'll have to reach level 4 to even come close.' said Whip.

'What? Level 4? What is he talking about?' asked Jenny.

'Hmm, I guess there are more stages to our powers' replied Hiroshi.

'You figured it out? I guess it would be easy for you because

I'm leaving hints here and there.' Said Dark Whip.

'Wait what? Why is he helping us?' asked Jenny.

'Because I indeed want my goal to be achieved quickly... but then all my preparations would go to waste. No matter what you do... even if you kill me, THE SUPREME GOAL WILL BE ACHIEVED!! And guess what? I already know the location of the first finger!' after saying those words dark whip vanished away...

'What the hell was that all about?' said Jenny.

'Hmm, what does he mean the plan will continue even if he dies? Like how is that possible? And how the heck did he find out the location while staying on Earth' asked Luke.

'Yea I'm wondering the same thing.' replied Hiroshi.

'What if the first finger is on Earth?' said Om.

Jenny landed on the ground and came running towards them. 'GUYS!' screamed Jenny, while running towards them.

She stopped and started panting.

'BABE THAT WAS AWESOME!' said Hiroshi.

'I know right!' replied Jenny.

'All right guys! Let's end our training here for today.' said Luke- 'A lot has happened so we should go home and analyse what just happened.

THE WATER MORPH

Eye: Hitasu Eye

Abilities: Soak, Water Control

Eye Abilities: Tracking, Rust

Q Location: Luke's house

Time: 9:45 PM

'Does anyone know what Whip meant by level 4?' Asked Luke.

'I don't know man.' replied Hiroshi.

'Guys I think he meant that there are some kinds of stages to the powers we have.' said Jenny.

'Hmm, I guess so...' said Luke-'Alright! I think I'll leave now'

2 DAYS LATER...

Q Location: Luke's house

Time: 6:30 PM

Luke was getting ready while speaking on the phone with Sarah

'Hey.'-

'Hi!' replied Sarah.

'So, are you ready?' Asked Luke.

'Yeah!!' replied Sarah.

'Okay so let's meet at Starbucks,' said Luke.

'Yeah sure.' replied Sarah.

Luke was on his way to Starbucks while Sarah was getting ready for their meetup. Luke was almost there. He suddenly realised that his phone was on silent and then checked to see that there were 12 missed calls from Hiroshi.

Luke called Hiroshi.

'Hey man, I'm sorry I was getting ready.' said Luke.

'It's fine man.' replied Hiroshi- 'But where are we going?'.

'Oh, at Starbucks.' replied Luke.

'When is it?' asked Hiroshi.

'Dude, it's right now!' replied Luke.

'Oh, shit! I'm going to get ready, see ya.' said Hiroshi.

Luke reached there

'What's up!' said Luke.

'All good!' replied Hiroshi and Jenny.

'Everything fine bro?' asked Hiroshi.

'Yeah... Yeah, I'm fine.' replied Luke- 'But wait I thought you forgot that we had the meetup then how did u arrive before me?'.

'Magic!' replied Hiroshi

30 MINUTES LATER

'Finally, you're here!' said Luke.

'Hii,' said Jenny.

'Hi' replied Sarah. Then they all sat down and drank some coffee.

After a while, Hiroshi felt uneasy and so did Luke then they looked at each other's faces.

Hiroshi screamed 'RUNNNNNN!!'

Suddenly there was a huge explosion. The smoke completely filled the area and the place was on fire! Sarah saw through all the smoke to see Whip standing there.

'Is everyone okay?' asked Luke.

'Yeah!' replied Hiroshi and Jenny.

'Guys it's Whip!' said Sarah.

Suddenly everyone heard a car. They all looked behind. The car drifted beside them and stopped.

They all shouted 'MIKE?'

'EVERYONE IN THE CAR NOW!' shouted Mike.

They all got in and Mike started driving.

'Hiroshi, Jenny, you know what to do.' said Mike.

'All right!' replied Hiroshi and Jenny while going out of the car.

After a few seconds Mike asked 'On that note, where is Sarah?'

There were explosions everywhere, fire was spreading, everybody was getting attacked by fire and lightning. Hiroshi and Jenny stepped in.

Hiroshi was evacuating the area while Jenny was stopping the attacks from hitting the citizens. Jenny was seriously injured from all the attacks. After Hiroshi was done evacuating, he reached to the battle area. He immediately carried Jenny to the car and went back to fight.

Hiroshi was trying his best to fight Dark whip but, he wasn't enough...

'Having fun getting destroyed by a mere single person? After this much help, almost getting your other friend killed, still not being able to defeat me? It's such a shame if I do say so myself.' said Dark Whip.

'SHUT UP'-

'You're just a kid, don't try to get in my way...'-

'I said SHUT UP! What are you even getting by doing these attacks?'-

'Hmm, Let's see... You don't know about the 5 fingers, I guess. The 5 fingers are scattered around the universe, whoever obtains the five fingers gets the power of the screaming tiger... He becomes one of the strongest people in the entire universe, strong enough to defeat the all mighty himself!' replied dark whip

He struck lightning at a huge building, completely destroying the entire building...

'And once I obtain the five fingers... I'll shred this universe down to pieces and create a new one! A FAIR UNIVERSE!' said Whip while firing a huge lightning bolt at Hiroshi

A huge flame completely nulled the effect of the lightning... The person fired a flame bigger than all the buildings around them towards Whip... Hiroshi looked towards that person...

'Ah! Another morph. Fire... a really strong morph, if I do say so myself!'

'What the hell?' said Hiroshi in surprise 'SARAH??'

'GAHH!' screamed Dark Whip in disbelief 'I've had enough fun... The next time we meet, it's going to be the final battle!'

Dark whip opened a portal but Sarah destroyed it with her flames.

Om arrived at the scene with something in his hand which none could see.

'EVERYONE! WHAT DO YOU Think YOU'RE DOING!?!?' shouted Om.

'The next time we meet, New Jersey and New York WOULD BE DESTROYED!' said Dark Whip as he opened a portal.

Om threw something at Dark Whip but, none noticed. Whip walked through the portal. Sarah tried to follow him but the portal closed.

'YEPPP!!'-

'SARAH!' shouted Mike- 'You are not getting into this stuff! I cannot risk putting you at stake.'

'Don't worry, I will be safe.'-

'GUYS!' shouted Om 'I placed a tiny tracker on Dark Whip. Here, you can see wherever he is.'

'YOOOO that's sick!' said Mike

'Nice! That will help us a lot once we attack him, which won't be too late from now.' said Luke

Hiroshi arrived.

'How's Jenny?' asked Luke

"The doctor said there is nothing to worry about she will be good as ever in a few days."-

'That's good to hear!' said Sarah

'Nice!'-

'Good'.-

'Hmm, this is very dangerous... our lives are at stake. We have to make it count by stopping this stupid Dark Whip or whatever.' said Om

'You're right!' added Luke 'If we are going to put our lives at risk... might as well use it well.'

Q Location: Unknown

Time: 09:10 PM

'Alright Crypto I'm gonna go and check all of our bases to see if everything is ready or not.... I know you have done it, but verifying isn't a bad thing.'

'I understand master.'-

He opened a portal and stepped through it....

DARK WHIP'S HIDEOUTS

'Guys!!' shouted Om 'I figured out most of the hideouts of Dark Whip!'

'OH, MY God!!! THAT'S SUCH A HUGE STEPUP!' shouted Luke.

'Nice!' said Mike.

'Look!' said om as he opened his MacBook 'The tracker I placed on Dark Whip was injected inside him... which means there is no way he can get rid of it. So! In the past few days, I've noticed that Whip has been staying on these points for long times... So, there are chances that these might be all of his hideouts with his gear and everything. We should be able to go to every of them and raid them all, once we all have our powers... or at least 4 of us.'

'Hmm, only 3 of us have unlocked the powers...' said Luke- 'Just in case none else activates their powers, I'll go with them and guide then from a distance.'

'No! it's dangerous. You my friend are not going!' said Hiroshi.

'About time you spoke up.' said Luke.

'I don't care if you are a good leader... unless you get your powers you are not going!'-

'You really think powers are the only things which make you strong?' said Luke-'I'll show you what it means to actually be strong! Meet me at Gero Park tomorrow at 6 am...'

'Oh, it's on!' said Hiroshi as he left.

'Gosh, why did they had to fight right now?' said Sarah

'I hope everything will be fine... There is nothing we can do about it at this point.' said Jenny.

Q Location: Gero Park

Time: 05:55 AM

Luke and Hiroshi were both facing each other in anger... then Luke spit some words out of his mouth...

'Powers, powers, POWERS, POWERS, IS ALL YOU THINK HUH? YOU REALLY THINK JUST BECAUSE YOU HAVE SOME DAMNED POWERS, YOU WILL BE THE STRONGEST!?!?'

'Well... face Whip with that thought and you will die! I'm just caring for you... I don't wanna lose you.'-

'Well! I CAN CARE FOR MY SELF!'-

There was complete silence for a few seconds...

They both started walking towards each other... slowly and steadily they gained speed and started sprinting towards each other...

Sarah, Jenny and Om arrived at the scene and started watching from a distance...

'I hope no one gets hurt.' said Sarah

Hiroshi started powering up while Luke couldn't as he didn't have any powers...

They both smashed into each other... it was a hand-to-hand combat but then Hiroshi hit Luke with a huge iron fist. Luke went flying away. But he got up and starting fighting... Luke was going all out while Hiroshi was holding back...

Luke kept attacking him while Hiroshi was playing on the defensive side...

Sarah and Jenny stepped in to stop Luke and Hiroshi when Om suddenly shouted 'GUYS!' There wasn't a single movement after that...

'Whip is on move... He is coming closer'-

Everyone stopped fighting and ran towards Om... He opened his MacBook and showed them...

Dark whip was moving from his headquarters towards the city... News was spreading about different cities being destroyed and captured by Whip and his soldiers...

'We've got to stop fighting and start raiding his hideouts' said Jenny

'Luke, please!' said Sarah.

'Ugh! FINE! But I'm coming with you guys...'-

'Yeah, whatever just stop fighting right now!' said Hiroshi.

42 THE SPIRITS OF LIGHTNING — THE COVER OF DARKNESS

'Alright, let's leave tomorrow early morning, besides our summer vacations are here... let's just make our parents think we are going on a summer camp.' said Luke

'Alright I'll try.' said Jenny

'So, the squad is me, Sarah, Hiroshi and Jenny... Hopefully it's enough to defeat Whip... Om, you and Mike need to prepare some communicating devices, 4 GPS trackers and a digital map for us...'

'Got it!'-

'Alright

THE TRACK

Jenny, Sarah & Hiroshi were sitting around a round table...

'I think we should leave Luke here... Let's just sneak out and raid the bases as a trio,' said Hiroshi 'I don't wanna put him at risk...'

'I also think that.' said Sarah 'But then again... it would hurt his feelings.'

'Right now... Life is more important than feelings, he can either feel well or live well.'-

'You are right!' said Jenny.

'Alright! You guys are ready right? Got all your stuff?'-

'Yep!' replied Sarah

'All set!' said Jenny

'Alright, I'll inform Om... meet me downstairs in 10 minutes.'-

15 MINUTES LATER

'Alright let's fly way high up so that we can't be seen, make sure you coat yourself with your abilities... It will be very cold up there.'- 'Got it!' said Sarah

As they powered up, they all said 'Ready... set... LAUNCH!' as they boosted up in the sky and encaged themselves.

Luke arrived at the designated location which Hiroshi gave him. He saw that none was there... he looked around trying to find everyone... He rechecked the location to see if he was at the correct spot... He tried to call them but failed. Even Om wasn't picking up the call! He went to Oms house but none opened the gate.

He was worried thinking Whip attacked everyone at night but there was nothing in the news.

He thought 'What if they left without me... but then again, Om couldn't have gone with them! What could have possibly happened!?!?'

He kept trying to figure it out but all his thoughts went to nowhere...

'They have definitely left me because I don't have any darned powers!' said Luke to himself- 'Why did they even do this! All I wanted to do was guide them from a bit distance but NO! they had to leave me here!'

'I guess I'll just train and hope my powers activate... I mean I do know all the locations! I just don't know the track...'-

Luke went home and his mother asked him 'Why didn't you go to the camp? What happened?'

'Well, it got postponed' replied Luke - 'We will go after a few days or something...'

'Oh, alright.'-

'Welp, I'm gonna go out for some time...' said Luke and left to train.

While training he saw Om walk past him so he ran to try and catch him. Om noticed and started running.

Both were running as fast as they could, but Luke was catching up as he was faster... They kept running until Om started to go in weird directions, jumping around but Luke was just too quick! They were running until they reached a dead end.

'W- Why were you running?' asked Luke while panting.

'I know what you're going to ask me... I'm just too scared to reply...' replied Om.

'I know those guys left me. All I want is the information of their track...' said Luke

'Sorry, but I can't give you that.'-

'Well... then I'll have to take it from you!' said Luke.

As he went closer, Om tried to back away but it was just a dead end... Om also started walking towards Luke thinking he would have to fight his way out... but then, Luke vanished in front of his eyes... All he saw was some lightning sparkles and then he vanished... He looked behind AND-

Q Location: Unknown

Time: 03:00 AM

'Alright let's take a small break... There is a city close by, let's

40

stop there for a light meal and move again....' said Hiroshi.

'Sure!' replied Jenny.

They stopped at the city had some food and started travelling away, they were about 3 miles away from the first hideout...

1 MINUTE LATER...

They reached the hideout...

'Alright let's first get the guards... then we will change into their cloths and sneak in, take positions and on my go, we attack!' explained Hiroshi.

'Sounds good!' replied Sarah.

'GO TEAM!' said Jenny.

'YEAH!' replied Sarah

They all found their target guard, attacked them and changed into their clothes, they went in and took their positions...

'On go,' said Hiroshi '3... 2... 1... GO! GO! GO!'

They all started taking down each guard one by one, they destroyed every weapon they found and then, Whip arrived...

'Ahh! What are you doing, ruining all my creations...,' said Whip- 'How could you destroy such beautiful creations?!?! Crypto would be angry....'

'How can you destroy the entirety of United States!?!? The president would be very angry...' replied Hiroshi.

Whip teleported in front of Hiroshi's face and punched him hard as brick.

'HIROSHI!' screamed Jenny

'That hurt you know...' said Hiroshi and smashed Whip with a huge fist of Iron sand. Whip flew and crashed into a wall.

'Now, you're going to pay for that' said Whip as he powered himself up.

He made a blade of dark lightning and tried to slice Jenny but Hiroshi made a wall around her.

'You are in the way' said Whip to Hiroshi.

That's why I came here!' replied Hiroshi...

'GAHH' shouted Whip and attacked him with a huge wave of dark flames... even his iron sand wasn't able to stop it... it almost hit Jenny when something flashed their eyes... they saw something covered in lightning....

'Huh, who the heck unlocked the Lightning Morph?' questioned Whip.

They heard a voice saying... 'Am I Late?'

'What the f- LUKE!?!?!?' shouted Hiroshi.

They saw him... covered in lightning... he was the one who activated the lightning morph!

'Lightning Morph... the strongest of them all! If one activates its last stage... he would be the strongest... but, the last stage takes a huge sacrifice... something NONE WOULD

GIVE!' said Whip

'I don't care how strong I am... I only care about the people around me!' said Luke as he formed a bolt of lightning and threw it at Whip.

Whip couldn't dodge it... there was a huge explosion. It was too bright for anyone to see what happened...

'Ouch!' spoke Whip 'That hurts you know...' said Whip as he flew towards Luke with great speed... He covered his hands with dark lightning and shouted

'LIGHTNING BLADE!!!'

and tried to stab Luke. Luke dodged it, grabbed Whips arm and slammed him to the ground. The entire hideout was already destroyed... Whip thought that there was no point in protecting this place now

'GAHH!' shouted Whip in pain! 'I'LL KILL YOU! YOU DESTROYED THIS ENTIRE PLACE!!'

'Oh yeah?' said Hiroshi 'We are here too you know.'

Sarah fired a huge flame at Whip, Hiroshi slammed Whip to the ground and then Jenny hit him with a huge flood... Luke jumped high up and tried to smash Whip with a powerful punch but Whip teleported away... Luke's punch was so strong that the entire hiding was destroyed in one blow... Whip formed a portal and escaped... Hiroshi tried to catch Whip but he was too slow...

'DUDE! HOW ARE YOU HERE? AND YOU GOT A POWER??' questioned Hiroshi.

'Calm down bro, I got your path from Om and was able to track you down.... All though it was hard to take it from Om... And yes, I got a power! Its lightning' said Luke while showing his powers.

'Nice!' said Sarah

'Woah! That's sooo cool' added Jenny.

'Thanks guys!' replied Luke.

'Congratulations bro!' said Hiroshi- 'But it's about to get dark now... Let's setup a camp somewhere near here.'

'Sure!' replied Luke.

Q Location: Unknown

Time: 10:00 PM

Everyone was sitting around a fireplace lit up by Sarah.

'I really need to go to bed!' said Jenny while yawning.

'I think I'm gonna go too' said Hiroshi...

'What are the sleeping arrangements?' asked Luke...

'Well, we only have 3 tents so, me & Jenny are sleeping together, you and Sarah will have your own tents.' said Hiroshi.

'Oh, okay.' said Luke.

'Welp, I guess it's just you and me left...' said Sarah awkwardly.

'Yep!' replied Luke.

There was a small gap filled with silence...

'So, how's life?' asked Luke while starting a small talk.

'Pretty good... at least it was before Whip ruined every damned thing' replied Sarah.

'Yep... I hate him too!'-

There was another long awkward silence then Sarah also decided to go to bed...

Q Location: Unknown

Time: 12:00 PM

There was complete silence around their camp... Sarah woke up as she heard someone playing some music...

She saw Luke, sitting by the campfire, playing his guitar. He started singing...

'I can't get my mouth to say the words they wanna say to you,

I just got this feeling for you.

Can't stop looking at you, thinking about you!

All I want is you...'

Luke noticed Sarah was watching after that...

'Oh hey! What are you doing here?' asked Luke to Sarah.

'Oh nothing. Nice singing though.' Replied Sarah.

'Oh, heh, thanks...' said Luke while blushing.

'So, why are you awake so late in the night?' asked Sarah while sitting down.

'I wasn't getting any sleep, so I was just playing some music. What about you?'-

'I just woke up and my sleep completely vanished, so, I just came out for a walk and saw you.' replied Sarah.

'I see!'-

There was another small gap then they saw a shooting stars in the sky.

'It sure is beautiful out here... in the nature, away from our normal life.' said Luke

'Yep...'-

Luke took a deep breath and said nervously 'By the way, I wanna tell you something...'

'Oh! What a coincidence I also wanted to tell you something important,' replied Sarah while nervously laughing- 'you go first...'

'No, you go first...' said Luke trying to convince Sarah.

'Ugh, fine! This might stop you from saying your thing but... I want to confess something... can I have your guitar once?' said Sarah

'Sure...' said Luke while giving Sarah the guitar.

She started singing...

'When I see your face

There's not a thing that I would change

Cause you're amazing

Just the way you are

And when you smile

The whole world stops and stares for a while

Cause boy, you're amazing

Just the way you are

The way you are...

The way you are...

You are amazing...

The way you are...'

'WOAH! I DIDN'T KNEW YOU COULD SING THAT WELL! So that what you wanted to confess? You are a singer??' said Luke

'Ahh! you didn't get it' replied Sarah- 'well the thing is... Whenever... I'm talking to you... I just get this feeling in my heart...'

'Well then you should get it checked up...' replied Luke

'Gosh... the thing is... I love you....' Confessed Sarah nervously.

'Wait what... are you... serious? I thought you were joking but... seriously?' asked Luke

'Umm, yeah...' replied Sarah nervously while blushing...

'Oh my- I was gonna say the same thing!' told Luke to Sarah.

'WAIT WHAT!'-

'YEAH!!'-

'Oh my god!'-

They hugged each other and sat together for a while talking about random stuff until they were silent again...

It was pitch black except for the light of camp fire... Luke and Sarah were sitting together... it was a really romantic environment...

They both looked at each other... they got closer... closed their eyes and leaned in for a kiss but then, Jenny and Hiroshi came out...

They saw something behind Luke and shouted 'JUMP!!'.

Luke pushed Sarah away and got in the way of the attack.

It was Whips army... they came to attack everyone. Luke was injured badly...

'Are you okay?' asked Sarah to Luke in worry.

'Yeah...' replied Luke in pain.

'He doesn't seem okay.' said Jenny.

'Okay YOU my friend are NOT OKAY! YOU are staying here while we hold them back.' said Hiroshi

'Yep!' said Sarah.

'Wai- wait...' said Luke in a hurry.

'I can't stop.' said Hiroshi

'That's what she said.' replied Luke.

'SHUT UP!' replied Hiroshi in disbelief and went away.

The entire army was destroying their base, Hiroshi, Jenny and Sarah started to fight back but they were outnumbered. Although their attacks were really strong, the army just kept getting more troops.

'Gosh this will never end!' said Hiroshi.

Just when all hopes were dying a lightning bold came flying and spinning and sliced through half of the army. It went spinning back right in the hands of someone... and that someone was Luke! 'Why are you here now.' said Hiroshi disbelief- 'Also isn't that the same move from The Avengers...'

'Oh, come on! Can't I have fun with my new powers? Besides all of this is child's play.' replied Luke

'Bro, us 3 haven't been able to defeat them!'-

'Well, you are newbies.' replied Luke.

'We got our powers before you...'-

'Just watch and learn.'-

He made a sword of lightning and went in to fight... he was defeating them alone. He was like a one-man army...

'BRO, WHAT THE f- HOW IS THIS GUY already BETTER THAN US?' questioned Hiroshi in surprise.

'It's called 'born with skill' which you clearly aren't' replied Luke- 'By the way, I made this new deadly ass move which I like to call 'The Spirits of Lightning' it's not at its final stage but when it is... it can kill more than 100 people at once...'

'SHEESH!' said Hiroshi in surprise.

'Let me show you!'-

Luke formed a lightning bolt in his hand... it looked like it was attracting electricity... the look on his face was also pretty serious.

'You guys ruined my first kiss... you will pay for that you know.' said Luke as he jumped high up in the air, a lot of clouds were formed in the sky. He took a deep breath and shouted

THE SPIRITS OF THE SPIRITS OF LIGHTNING

As soon as the bolt hit one person from the army, about 10-50 lightning bolts came from the sky and hit a lot of people... immediately after that the army retreated.

S LIGHTNING BLADE

Q Location: Unknown

Time: 12:00 PM

'Okay, so! You and Sarah are dating....' said Hiroshi.

'For the last time, YES! You have said that like a hundred times already!' said Luke

'I just can't believe someone like you, got a girl... Overnight!' replied Hiroshi.

'Oh, for god's sake, I am not that ugly!' said Luke

'Oh, come on! He looks great! It's not that shocking!' added Jenny- 'I already knew Sarah had a crush on him.'

'Well! I didn't!' said Hiroshi- 'Alright! Let's move, it's getting late...'

'Oh, thank you!' replied Luke.

They started to travel again... the next stop was really far so it would take them around 36-48 hours to reach there.

'Hooo! That has been a heck lot of travelling.' said Sarah.

'Yeah, I know right!' added Luke.

'Welp, we are just a few miles away from Whip's second Hideout... lets rest here for today and attack tomorrow.' said Hiroshi.

Q Location: Whip's Headquarters

Time: 02:00 AM

'Hmph, those guys think I don't know where they are' said Whip- 'I know every single thing that is happening 5 miles around of my hideouts...'

'Well, ofcource! The level of protection you have made is unbeatable! I have informed everyone that they are going to be raiding the hideouts.'

'Just as I expected from you, well I have something planned for them in the next one...' said Whip- 'I'll start preparing for it now'

'Yes master!'-

They looted the second hideout but, there was no sign of Whip there... The third hideout was half the distance as the first one so it didn't take them much time...

They reached there early in the morning so they decided to raid it instantly...

'Alright guys! This one has 2 entry ways so we are going in duos... one duo is me and Hiroshi and the other is Sarah and Jenny... let's go!' said Luke.

'Alright! GO! GO! GO!' said Hiroshi

Both teams went separately... Luke and Hiroshi took the stealthy way... they were taking down the base bit by bit while Jenny and Sarah were doing it quickly... Jenny went in a different room and left Sarah alone... She heard a loud scream and went back to check what happened. Sarah was gone...

Jenny went running towards Luke and Hiroshi... she killed everyone who came in her way, her tears were flying and she couldn't control her anger...

She reached near Hiroshi and Luke and shouted 'SARAH! SHE IS TAKEN HOSTAGE...'

'WHAT!?!?!?' asked Hiroshi in surprise 'WHAT THE F-! LUKE COME ON LET'S GO!'

Hiroshi and Jenny started running but Luke was just standing there staring into the void... They stopped...

'What are you doing!?!? let's go come on!' asked Hiroshi

Luke continued to stare... his eyes were shaking... his body was trembling... lightning started to form around his body... it looked like he was attracting the lightning...

He fell down to his knees and as soon as he landed... He released a huge amount of power... None had seen such power before... the whole hideout was destroyed in a pinch of a fall. Hiroshi and Jenny were being pushed away... the lightning was so bright they couldn't see a thing... it was out of Lukes control...

It seemed like the lightning was raging... it was screaming pain.

Just when they started to see somethings, they saw that the hair which covered one of Luke's eyes was floating... they could see the eye underneath... but it wasn't just a normal eye... it was...

The Spiritual current

'What the heck!? What is that eye!?!?' questioned Jenny.

'I have no idea, looks like he unlocked a new stage or something...' replied Hiroshi.

'Right! Remember when Whip said about the power levels and stuff... that must be it!'-

Luke suddenly flew off into the sky. Hiroshi and Jenny followed him.

'Luke! What are you doing... raging won't do any good. We have to play it smart.' Said Hiroshi.

'You just shut up and go home... I'll kill him myself!'-

'Our goal is not to kill him... it's just to stop him, killing is just one of the ways to do it, if nothing else works.' Said Jenny.

'Well then I'm using that way, ITS MY WAY OF DOING IT!' replied Luke and increased his speed...

'Well lets at least raid all the bases... he could be in anyone of them...' -

'No need to raid them... I'll just destroy them in a second!' replied Luke.

'Gosh this guy...' whispered Hiroshi to himself...

They went flying to the other bases... Luke struck a huge bolt of lightning on every one of them and destroyed them in a split second... His power was really strong.

They reached the last base, it was huge! It spanned over 1600 acres it had all the weapons, many robots working here and there.

'Eyes up, stay sharp. Let's move....' said Luke.

TARGETS COMPLETE

Whip, Crypto and Sarah were in a room... the walls had many cracks, there were spiderwebs everywhere and it was overall a really creepy place.

'Hmm, those guys are here... that was faster than I expected.' said Whip.

'Yes, they destroyed most of our bases easily.' said Crypto.

'Hey you!' said Whip while pointing at Sarah who had been tied to a chair- 'Yes you! I've got some good news... Your little boyfriend is here, and also has unlocked a special eye, it seems... he reached stage 2... that eye can only be unlocked if someone gets really emotionally damaged...'

Sarah tried to mumble something but her mouth was shut off with a special device.

'You can't speak with muddle on.' said Crypto- 'It will shut of all the sound waves coming from your mouth.'

'Alright Crypto, why don't we welcome our guests?'-

Luke, Hiroshi and Jenny slowly sneaked towards the guard in the front gate and took him down...

'Alright listen up... don't separate, we have to stay together or else you know what happens... just in case we get separated, here are some communication devices, use it to communicate.' explained Luke 'Alright! Let's move!'

They slowly sneaked in... as soon as they entered, they heard a voice from the speakers...

'Attention everyone, we have an intruder. I repeat, we have an intruder...' said the person on the microphone. Immediately after that an alarm went off and all the lights went red

'SHIT!' exclaimed Luke.

Someone pushed away they person on the microphone and started speaking...

'Hello Luke! I see you have unlocked your Spiritual Current... Well, I and your little girlfriend is waiting for you. Also, good luck exploring this base without an active map....' said Whip.

'Son of a-' whispered Luke to himself and started running... As they were running a bunch of guards blocked their way, they had big guns in their hands and started open firing...

Luke didn't care so he just pushed them and ran straight through them... another wave of guards came... this time Luke boosted himself and ran faster than ever, to others it looked like he was teleporting. Hiroshi and Jenny also tried to run as fast as they could. They tried to navigate the base as fast as they could, but it was just too big.

'Gosh this is taking forever!' said Jenny while searching out the rooms.

'GAHH IM FED UP!' said Luke while powering up- 'I'M BLOWING THE ROOF OF THIS PLACE!'

As Luke was powering, everyone started running away, he released the power in one go and everything around him was destroyed... It was a huge explosion they could see pretty much every room. Far away, they saw Sarah and Whip...

'I SEE THEM!' said Luke and went flying away.

'Here they come Crypto! Wish me luck.' Said Whip as he went flying...

'Good Luck!' said Crypto.

Both of them were flying towards each other at full speed and then Luke and Whip tried to hit each other with their forearm.

They pushed each other back and start fighting hand to hand...

'Pretty strong ay? Well, I haven't shown you my full strength yet...,' said Whip

'Well, that's because this is all you've got.'-

They kept tackling each other, until Whip made his first move. He took a step back and formed The Lightning Blade. 'LIGHTNING BLADE!' he said as he tried to stab Luke. But Luke vanished right in front of his eyes.

Whip heard a voice from behind.

'SPRITUAL ARMOUR!!!' shouted Luke as he formed a huge armour around him.

'THE FALLEN DEVIL' said Whip as he also formed a huge armour around him.

'Guys! Go and rescue Sarah... I'll hold this beast back.' said Luke.

'Alright!' said Hiroshi... He and Jenny went flying towards Sarah. They took off the device from Sarah's mouth...

'O M G! its sooo good to see you guys again!' said Sarah.

'Good to see you too, but right now... we have something else we should worry about.' replied Hiroshi

'Yeah...' said Sarah while Looking and Luke and Whip fighting...

'AKATSU ARROW!' shouted Luke while firing a large number of giant arrows from the armour. It completely destroyed Whips armour.

'Well... now the move which is based on my name.... DARK WHIP!' said Whip while forming a bunch of rope like structures from his hands. He tossed one end towards Luke like a cowboy and pulled it. It completely shattered Luke's armour!

Luke joined his hands and started applying force to himself. There was some kind of person forming beside him... 'LIGHTNING CLONE!' shouted Luke as 4 more versions of him formed beside him.

'Ah! The Clone technique, that's a very high-level technique... and you have already mastered it... MULTICLONES!' said Whip as hundreds of his clones formed around him in a second- 'Unfortunately for you, I am far too ahead!'

'The number of heads doesn't matter if all of them are empty...' said Luke as one of his clones demolished 50 percent of Whips clones.

'Ah! I let my guard down...' said Whip.

'Yes, yes you did.' Replied Luke

'Welp... ITS TIME TO GET SERIOUS....'-

74 THE SPIRITS OF LIGHTNING — THE COVER OF DARKNESS

SPIRITUAL CURRENT

Eye: Metallic Eye

Abilities: Tracking, Energy Control, Lightning Attraction

Summon: Lightning Dragon

Whip and Luke were staring dead into each other's eyes while Sarah, Jenny and Hiroshi were traveling far away from the attack location...

There was complete silence around Luke and Whip until Whip suddenly vanished... Luke immediately jumped and started moving around so Whip couldn't attack him easily. But Whip teleported on top of him and punched him straight to the ground... Luke raised his hand up and a lot of clouds formed in the sky... He dropped his hand as he slowly spoke 'Lightning Burst!' and a lightning bolt struck Whip smashing him to the ground with great force... They both got up and made clones of themselves. While running towards each other they made swords and started battling...

Due to their eyes, both of them could track each other's movements. They kept fighting and fighting and fighting...

When they were busy fighting, one of Luke's clones sneaked out of the battle area and went towards the other 3...

'Gosh! How far are we gonna go??' asked Sarah.

'As far as we can... Luke is the only one who can face Whip right now, we will only slow him down... His communication network is also jammed so we can't contact him.' explained Hiroshi.

While they were flying, Luke's clone grabbed all 3 of them and sped about 5 miles away and stopped...

'LUKE! WHAT ARE YOU DOING HERE??' asked Sarah in surprise.

'I am only his clone... I came here to take you away... you are slowing the real me down.' said Luke.

'Oh, what is going on back there?' asked Hiroshi.

'Well, the real me is...'-

Luke had a protective armour around him, but it was not as big as the Spiritual Armour... it was of his size. Whip and Luke were fighting each other with all their might... Luke formed a ball of fast rotating high-pitched lightning... He threw it at Whip. It made a huge explosion which spanned over a mile.

'All three of them are finally away. I can go all out now.' said Luke

'Well then... I guess you are finally getting a little serious...' said Whip- 'DARK WHIP!' He kept trying to attack Luke with The Dark Whip, but he kept dodging...

'ANASTROPH!!' said Whip while a bunch of dark ghosts like creatures formed and went inside Luke... He fell down

and couldn't get up. He was paralysed. His thoughts were filled with all the bad experiences he had ever had.

'Anastroph, it forms several ghosts which attack your brain and inverts your happy thoughts, it makes the target reexperience all the dark times he ever had.' explained Whip.

Soon Luke was released from the cursed attack. He looked into the eyes of Whip with his second eye and suddenly, all Whip could see was white light... his eyes were paining as if someone stabbed them. He was screaming in pain...

'You are not the only one with hell like techniques.' said Luke.

Luke punched Whip in his stomach while he was screaming in pain... He stabbed him in the stomach with a lightning knife... Whip started screaming even more...

Luke's hand was covered in blood... Revenge was the only thing that was going on in his mind... His eyes were the eyes of a murdered... but then he realised what he was doing. He took control of his emotions and backed away and then he started using his brain to fight.

He made clones of himself and attacked whip from all the directions, but Whip destroyed all the clones...

Crypto came behind Whip.

'CRYPTO WHAT ARE YOU DOING!?!?!?' asked Whip-'Just stay back...'

But then Whip got stabbed... Crypto did it...

'Why...' whispered Whip.

Suddenly Crypto turned into smoke...

'That was because it was my clone which transformed into Crypto!' said Luke.

'You little bastard!' raged Whip- 'But you know what... It's already too late now! CRYPTO! DEPLOY my boosters!' He flew high up into the sky. Luke caught hold of him and started fighting him in air. Whip was headed towards the city of New York. He kept flying and fighting simultaneously until Luke broke his boosters. Whip went flying down

He landed in front of Hiroshi. Hiroshi jumped back in surprise and everyone powered up. Luke's clone disappeared. Luke landed and hit Whip with a really powerful punch on his head. Everyone started helping Luke. Whip had to face 4 people alone.

He kept trying to tackle all three of them until Sarah and Jenny got knocked out.

'HIROSHI!' shouted Luke-'Iron conducts electricity... I think you know where this is going...'

'HELL YEAH!' replied Hiroshi.

Hiroshi made a rod of iron. Luke threw a lightning bold on it and it passed through the iron rod and hit Whip from behind.

'Hmm, I guess you pay attention to your physics teacher' said Whip while shooting his lightning at Hiroshi making him unconscious.

'Gosh, villains in real life are no different from the ones in comics I guess...'

'Hmm, you will always be the hero in your story, and well! HISTORY WILL DECIDE WEATHER I'M A VILLAIN OR NOT!' replied Whip...

'YOU LITTIE-' -

Luke flew faster than light towards Whip and punched him in his stomach. He jumped back and flicked his finger. A ray of light flashed from his finger and hit Whip with great force.

Whip was bleeding badly. But he got up and started flying straight towards New York city. Luke Immediately started following him as fast as he could. Both of them were travelling faster than light.

Whip reached NYC and started destroying the place down to bits and bobs. Luke kept trying to defend the city. The people were panicking.

Luke created hundreds of clones. The clones started defending everything while he went to fight.

He flew towards whip and attacked him with a lightning sword. While Whip was blocking him, he kicked Whip and threw a shuriken at him.

'Listen carefully,' began Whip in a low and crackly voice-'for I am the mastermind behind all your misfortunes. I am the one who orchestrates the chaos, the one who brings about destruction and darkness. I am the true ruler of this world, and you are merely pawns in my grand scheme. My vision is one of power, and I will stop at nothing to achieve it. I WILL GET THE 5 FINGERS, AND SHRED THIS INEQUITABLE WORLD down to bits! I am a force to be reckoned with, a being beyond your comprehension. So, tremble before me, for I am your worst nightmare come to life. And know that my reign of terror, has only just begun.'

Luke immediately jumped high in the air... He formed a lightning bolt which looked like it was attracting the energy around it... clouds formed in the sky and Luke shouted...

'This is the finishing blow whip...

He the threw the lightning bolt towards Whip. Hundreds and thousands of lightning bolts from the sky hit Whip...

His final words were 'I will be ... I WILL BE BACK!'

He landed safely in New Jersey... everyone was cheering him. Some unknown person had brought his friends back... He ran towards them and hugged them even though they were unconscious... Luke also started losing his consciousness.
